U. S. TROOPS OUTNUMBERED

Sixty-Five Americans in Fight With Two Hundred Mexicans.

LURED INTO PITFALL

Invading Troops Raked By Machine Gun—Irresponsible Soldier Presipitates Battle.

Mexico City, June 23—Though armed conflict with the United States is now regarded as not improbable, the Mexican people still hope for a settlement of the controversy by diplomatic negotiations.

Yesterday was observed as a holiday in the capital, being the religious festival of Corpus Christi.

Washington, June 23—Following a fifteen minute conference with President Wilson today at the White House, Secretary of War Baker said no change in policy regarding Mexico is contemplated.

The Administration, he said, "is still awaiting information on the Carrizal incident."

Official statement was made that at no time has the President discussed with any department officials the subject of calling for volunteers.

This Government unquestionably will make demands upon Carranza for release of American prisoners taken in the Carrizal battle, as soon as it is definitely established how many were captured, it was officially stated today.

Columbus, N. M., June 23—Unofficial reports from the field indicate that the American force engaged at Carrizal was Troop H, of the Tenth Cavalry, under Capt. Charles T. Boyd, 65 strong. The same report gave the Mexican strength at 200.

Chihuahua City, Mex., June 23—The 17 American soldiers, negro troopers of the Tenth Cavalry, who were captured in the battle at Carrizal were brought here with Lem H. Spillsbury, a Mormon scout, employed by Gen. J. J. Pershing, and were interned. Spillsbury said that Capt. Charles T. Boyd commanded the Americans, and with Lieut Henry R. Adair, was among the killed.

A Captain Moore, who was with the American detachment was wounded in the shoulder, but escaped.

In announcing a story of the battle which he said Spillsbury told him, Gen. Jacinto Trevino, commander of the military district of the northeast, announced that any time and at any place the American troops move other than toward the border he will comply to the letter with his superior orders and will attack them as Gen. Felix Gomez did at Carrizal.

General Trevino said that all diplomatic arrangements are outside of his sphere.

Spillsbury's story, as announced by General Trevino, was to the effect that 76 negroes, comprising Troop H of the Tenth, Captains Boyd and Moore, Lieutenant Adair and himself composed the American detachment that encountered the Mexicans.

He said that he saw on the field the bodies of Boyd and Adair and at least 11 of the negroes.

Columbus, N. M., June 23—A courier from the battlefield reached General Pershing's field headquarters at Colonia Dublan, late today.

It is stated that the troop of the Tenth Cavalry, which clashed with Carranzistas at Carrizal, held the field for five hours before retreating, although they were outnumbered five to one.

The reports said that the Americans only withdrew when heavy Mexican reinforcements were brought up.

The Mexicans claim that while 14 of their number were killed and 30 wounded, the Americans suffered an even dozen killed and lost 17 as prisoners. In addition, they say, the Americans had an unknown number of wounded which they carried off wit them. They point out also that while the Carranza commander, Gen. Felix Gomez, lost his life, the American leader also was killed.

A new version of the engagement was brought here by a Mexican civilian, who was in Villa Ahumada early yesterday afternoon, and who said he assisted in dressing some of the Mexican wounded. He said that General Felix Gomez, the slain Carranza leader had been aware of the approach of the Americans for 12 hours and had sent a number of couriers to them warning them to return to their encampment.

When they persisted in their advance, he said, a pitfall several hundred feet in length was dug directly in the trail over which the cavalrymen must ride. This was cleverly concealed with brush.

As the Americans rode unsuspectingly through the sand dunes toward the entrenchment, General Gomez lay concealed some hundred yards away in the Mesquite. The horses of the American vanguard plunged into the pitfall, unseating their riders and injuring a number of them.

Then, the Mexican asserted, the Carranza forces laying in ambush raked the American ranks with a machine gun. The heavy fire forced the Americans to withdraw to reorganize their line and the Mexicans captured 17 soldiers, who had been thrown into the pit.

He asserted that it was then that General Gomez went forward under a flag of truce, and that before the proposed parley had begun an irresponsible soldier again started the machine gun fire.

THE MEXICAN CRISIS

Told That in Event of Trouble England Would Befriend United States

New York, June 23—The New York World says:

"That Great Britain has known for quite a time that a crisis was at hand between the United States and Mexico was intimated last night by an Englishman, who has been in close touch with his embassy in Washington and with Great Britain's leading representatives in Mexico. This is what has recently happened, according to this British informant:

"Only a few days ago a leading diplomat representing England, went to Gen. Carranza and told him that he had best go slow in the matter of aggrieving the United States. The diplomat said:

"'You will not only have them, but us (meaning England) on your neck. Then your only friend will be Germany.'

"Carranza told this diplomat, according to the Englishman, that he personally saw the reasonableness of this argument, and that he was against any movement that might offend the American government.

"But," he continued, "some of his generals and governors—notably, Gen. Jacinto Trevino, who is commander in chief of the troops in Chihuahua, and governor of that state—were entirely out of hand—that they were doing as they pleased and could not be stopped.

"According to the information, the British diplomat in Mexico forwarded news of his Carranza interview to the Ambassador in Washington. In some manner it got to the American officials. They were on the look out for Trevino, but he beat them to it with the ambuscade which resulted in the killing of the cavalrymen."

HARVARD DEFEATS YALE

New London, June 23—Harvard won the freshman two mile race, the opening event of the annual Yale Harvard regatta on the Thames today under ideal weather and water conditions.

Harvard's time for the two miles was 10:36 3-5; Yale's was 10:39.

The Crimson freshmen were a full length ahead of the Elis as hey crossed the line.

W. Meade Addison, cashier of the First National Bank, of Richmond, practically is unopposed for the office of vice-president of the Virginia Banker's association, now in session at Old Point, to succeed E. B. Spencer, of Roanoke. V. Vaiden, of Farmville, probably also will be nominated for the vice presidency.

STATE REGIMENT TALKS OF STRIKE

Believing They Have Been Slighted, They Demand Service.

APPEAL OF SENATORS

Recruiting is Still Active in the Old Dominion, Where Men For Every Branch Are Enlisting.

Washington, June 23—Members of the Fourth Virginia Regiment of Infantry are on the warpath and threaten to strike because they were not included in the President's call for the mobilization of the National Guardsmen. The First and Second Regiments of Virginia were called out, but the Fourth was not, and the boys of the Fourth are so sore that they declare they will quit the military service.

Senators Martin and Swanson and the Virginia Congressmen have been appealed to by officers and men of the regiment, and they called on Secretary of War Baker, told him of the anger of the Fourth Regiment and asked that a supplemental order be issued calling them out. Secretary Baker told the Virginians that the hope now for the Fourth Regiment is in the possibility that more troops will be asked for but at present there is no chance of them receiving the call. The bulk of the military companies constituting the Fourth Regiment were recruited around Norfolk.

Richmond, June 23—Company B, of the Richmond Battalion, First Virginia Infantry, was ordered to the State Fair grounds yesterday to be mustered into Federal service. Other companies are nearing war strength and will follow rapidly. Governor Stuart telegrapher today from Wyoming that he was on his way home to take active charge of raising troops in Virginia.

Regular army recruiting has received a decided impetus along with that of the State militia as a resul' of the threatened trouble in Mexico. Recruiting officers of the navy and the Marine Corps report no great increase in applicationts, and assign the reason the interest is now centered on the inland branches o fthe service which offers the prospect of more immediate excitement.

At the local United States Army recruiting station it was learned that applications in the past four days had been approximately equal to those of thirty days before war talk became so ominous. No less than twenty five applicants had to be turned down however, on the ground that they were under twenty-one and could not get their parents' consent. Since June 15 eleven men have been accepted for the army on their first enlistment. The recruiting station gave out the statement that now, if ever, would be the ideal time for enlistment in the army, since the newly authorized increase to go into effect July 1 will necessitate the promotion of many men from the ranks.

The navy recruiting station reported only about the usual activity. A number of applications have been made this week.

No recruits have been accepted yet at the office of the Marine Corps, although several applications have been made. It is thought at the station that recruiting will pick up considerably at the beginning of next week. In case of serious trouble between the United States and Mexico, men accepted by the Marine Corps would probably have a chance to see active service within a month.

Holding that games affording amusement and recreation are incidental to, and therefore necessary, in the conduct of a summer resort, Norfolk county Justice C. W. Rockafeller and R. S. Moling, dismissed Wednesday night the 21 warrants issued at Ocean View last Sunday against owner of 10 or more concessions charged with the violation of Virginia's "Sunday" law. No appeal was entered by the State's representative.

PRESSURE ON GREECE

Accepts Without Reserve Joint Note of Allies

Athens, June 23—Under heavy pressure from the entente powers, Greece has accepted without reserve the demands presented in a joint note by Great Britain, France and Russia.

At the most critical moment Greece was without a government. Premier Skouloudis late today announced to the chamber of deputies the resignation of himself and his associates in the cabinet and the failure for the present to obtain successors to them.

M. Skouloudis refused to receive the communications from the entente powers on the ground that no Greek cabinet existed, as the note was deposited at the foreign office while he was on his way back from the residence of the king, where he presented the resignation of the ministry. On this account, he explained, he could not discuss the demands.

Paris, June 23—An allied fleet has been ordered to cruise before Piraeus, the port of Athens, according to a Havas dispatch from Saloniki. It is said the fleet eventually will be supported by a landing party.

The dispatches says the action of the landing party will "depend upon events."

Dispatches from Athens and Saloniki indicate that the situation as between Greece and the entente allies has reached a crisis. Unless Greece proves her intention of complying in a satisfactory manner with the allies joint demands, the naval demonstration before Piraeus will be made.

EXPLAINS AIMS OF U. S.

Lansing Sends Memorandum to Latin-American Diplomats on Mexican Situation.

Washington, June 23.—Secretary Lansing yesterday sent a memorandum to the diplomatic representatives of South and Central American nations reviewing the situation that exists between the United States and Mexico and announcing that if hostilities should eventuate. the purpose of the United States would be to defend itself against further invasion, and not intervene in Mexican affairs.

The memorandum, dated June 21, is as follows:

"I inclose for your information a copy of this Government's note of June 20 to the Secretary of Foreign Relations of the de facto Government of Mexico on the subject of the presence of American troops in Mexican territory. This communication states clearly the critical relations existing between this Government and the de facto Government of Mexico and the causes which have led up to the present situation.

"Should this situation eventuate into hostilities, which this Government would deeply regret and will use every honorable effort to avoid, I take this opportunity to inform you that this Government would have for its object, not intervention in Mexican affairs, with all the regrettable consequences which might result from such a policy, but the defense of American territory from further invasion by bands of armed Mexicans, protection of American citizens and property along the boundary from outrages committed by such bandits, and the prevention of future depredations by force of arms against the marauders infesting this region and against a government which is encouraging and aiding them in their activities.

"Hostilities, in short, would be simply a state of international war without purpose on the part of the United States other than to end the conditions which menace our national peace and the safety of our citizens"

While serving a warrant in the performance of his duty, Patrolman J. Harvey Leverett, aged 22, of Roanoke, was shot twice and instantly killed by a negro, Clifton Mickens, at 3:30 o'clock Wednesday morning. Leverett was not accompanied by any other officer, and the only eye witness to the shooting was the brother of the man who shot the policeman. Immediately after the shooting Clifton Mickens escaped. Herman Mickens, the brother, who was holding a lamp for the officer when the shooting occurred, at once went to police headquarters and notified the department of the murder. Mickens was later arrested while endeavoring to escape on a train.

Petrograd Reports Capture of Town South of Czernowitz.

HUNDREDS DROWNED

Berlin Claims All Russian Attacks Were Repulsed and Records Some Advantages to Teutons.

London, June 23.—The official announcement by the Russian war office of the capture of Radautz, a city of 13,000 inhabitants, situated 30 miles south of Czernowitz, and 10 miles from the Roumanian frontier, shows how actively Gen. Letchintsky is pursuing the broken Austrian forces, According to a special dispatch from Petrograd, nothing but a miracle can avert the destruction of Gen. Pflanzer's army, as Gen. Letchintsky now holds a stretch of 20 miles on the Sereth River.

According to report from Rome, an Austrian army under Gen. Baltin is shut up in the angle of the frontier near the town of Sereth, completely surrounded by Russians. The Austrian official communication received here tonight claims that the Austrians have repulsed Russian attacks near Gura Humora.

This town is in the extreme south of Bukowina on the Moldava River, 54 miles south of Czernowitz, Thus, unless some other town of the same name is meant, the Russian pursuit seemingly has extended much farther than the Russian claim.

The Austrian official statement also claims the failure of all attacks by the Russians in Volhynia The Austro-German forces, according to the statement, have made progress north of Gorochow, near Sokul and in the vicinity of Kolki.

Hundreds of Austrians were drowned in the Stripa after the recent Russian success on the eastern bank north of Buczacz, according to Reuter's Petrograd correspondent. Troops holding some of the trenches enveloped by the Russians from the north and the south and cut off from the bridges rushed into the river, panic stricken. A few managed to swim across, but the majority perished.

WOMAN SHOOTS INTO MOB

Wife of Striking Minnesota Miner Held as Slayer of Rioter

Virginia, Minn., June 23—Armed with a repeating rifle Mrs. Roseandich, wife of a striking miner, stood on her porch early yesterday and fired at random into a crowd of mine guards who were engaged in a pitched battle with strikers. More than 50 shots were exchanged.

John Alar, striker, was killed. Three shots passed through his body. David Foley, chief of the Oliver Mine police, charged that Mrs. Roseandich fired the shot that killed him. She was arrested.

The strikers said they were on their way to the Alpona mine to picket the property when the guards charged them with clubs. The miners returned their attacks with bricks and stones and it was then that the special police used their guns. Mrs. Roseandich is said to have been the only one of the strikers' party who was armed.

A. L. Mackenzie, a mine guard, and other officers were wounded, as were Vencele Elias, storekeeper, and another man, both bystanders.

"THE PAPER BOX KID"

Shoots Two Keepers in Attempts to Escape Electric Chair at Sing Sing

Ossining, N. Y., June 23—Oresta Shillitani, "the Paper Box Kid," awaiting electrocution June 30 for the murder of two policemen and a citizen, escaped from Sing Sing's death house early yesterday by shooting two keepers and firing upon two others. He was recaptured after an exciting hour.

At the moment Shillitani began his attempt to gain his freedom, a high-powered automobile was outside the prison walls to whisk him away. But a warning given by one of the wounded keepers caused a steel door to be closed, cutting off the prisoner's chance of getting away by the main entrance.

Without wasting a moment, he started the other way, burst down the door of the execution chamber, falling almost against the electric chair, ran out through the mortuary in which the bodies of the executed are laid out, and by touching a push button opened a door into the yard on the side toward the river.

Running to the twelve-foot wall, Shillitani disrobed, threw his clothes over the wall, which he scaled, and dropped into the river, evidently hoping to swim around and reach the waiting auto. He made the swim ran naked to where the machine had been, but the driver had been frightened away.

The murderer then went to the hospital, feigned insanity and might have found clothes and an opportunity to make his escape had not the prison whistle sounded.

Ten shots were fired by the prisoner. Keeper McCarthy was badly wounded and is reported dying. Keeper Bullard, after being wounded, and Keeper N[illegible]s, at the point of the convict's revolver, were backed into a cell with two condemned murderers and locked in after Shillitani had taken the keys from McCarthy.

It was McCarthy's warning that prevented Shillitani's final escape. As Capt. Vaughan opened the door between the death house and the one through which Shillitani was planning to reach the main prison entrance and the automobile McCarthy called feebly to him.

"I'm shot and dying. Don't open the door; he's got a gun."

Five bullets rattled about Capt. Vaughan's head before he could get the steel door closed forcing the prisoner to find another way out.

When the fugitive, nude reached the hospital, he demanded a room from the phone girl.

The hospital people telephoned the prison after they heard the prison whistle. Two keepers than brought Shillitani back to the prison. He was raving and is now in padded cell.

Shillitani received a visit Wednesday from his brother and sister- in law. His brother was searched, but his sister in law was not. It is not known how the condemned man secured the revolver, but some one must have brought it to him.

His visitors talked to him through the screen in front of the condemned cells, but there is an opening about two inches from the bottom to the floor. It is believed the revolver was kicked within reach of the condemned man under that opening.

Shillitani killed two policemen and a citizen in New York city and was awaiting electrocution.

Officials in Washington refuse to be disturbed by widely circulated reports that Japanese in Mexico are hostile to the United States. Figures compiled at the Japanese embassy show that ther are less than 2,000 Japanese in Mexico. About 1,000 of them are employed in Chihuahua and Coahuila copper and silver mines; some 250 farmers and fishermen live on the west coast; there is a colony of about 150 in Chiapas state, and about 100 are in Vera Cruz, Three or four hundred Koreans, Japanese subjects, are employed on Yucatan sisal plantations. Embassy officials said they had no information of the resence of Japanese warships off the Mexican coast, as indicated in news dispatches. Their presence ordinarily would be reported to the embassy, it was said.

BOMBARDMENT AT THE MEUSE

Especially Heavy German Attacks Against Hill 304.

TRENCHES RETAKEN

Teutons Claim They Have Repulsed Assaults of Allies—French Aeroplane Brought Down.

London, June 23.—On both sides of the River Meuse, in the region of Verdun, and to the east of the fortress in the Woevre, at the foot of the Meuse hills, the Germans are heavily bombarding the French. Especially heavy are the attacks against Hill 304 and Dead Man Hill, northwest of the fortress around Thiaumont, the Vaux wood, Chapitre and Fort Laufee. In a counter attack the French have retaken from the Germans most of the trenches the Germans captured Wednesday night, between the Fumin wood and Chenois, northeast of Verdun.

The German near Givenchy captured British trenchs, but later were driven out, suffering heavy losses in the counter attack.

Berlin, June 23.—Today's official report says:

"On the western front a weak attack by a British detachment near Frelinghein, northeast of Armentieres, was repulsed. West of La Bassee a German patrol detachment brought in some British prisoners.

"On the east bank of the Meuse (Verdun front) infantry fighting developed. We gained some advantages west of Fort Vaux.

"Both south of Polvre ridge and near Buss a French aeroplane was brought down by our antiaircraft guns. The occupants of the second machine were made prisoner.

"Our aerial squadrons early yesterday morning attacked villages occupied by troops in the Meuse valley south of Verdun, and early this morning attacked railway establishments and troop encampments at Favigny."

UPRISING IN ARABIA

Rebels Capture Holy City of Mecca Jiddah and Taif

London, June 23—Reports have been received here that a serious uprising against the Turks is in progress in Arabia and that the rebels have captured the holy city of Mecca.

The London newspapers declare that the rebellion is certain to have an important bearing on the war, especially as regards the participation of Turkey. The Post says:

"The uprising is due to recent wholesale executions of Mohammedan and Syrian notables and well-known religious leaders, and also to the spread in Arabia of a feeling that the Turks have abdicated their position as the protector of the Mohammedans and have become the vassals of Germany." (

The Graphic says: "The revolt is a smashing blow at Turkey and the capture of Mecca is an event which will shake Turkish prestige to its foundations."

A Reuter dispatch from Cairo says the rebels, in addition to taking Mecca have captured Jiddah, the chief seaport of Arabia, and Taif, 65 miles southeast of Mecca, and have proclaimed independence of the Arabs from Ottoman rule.

According to this dispatch the grand sheriff of Mecca, the chief magistrate of the holy city, proclaimed his independence and was supported by the Arab tribes of the west and central parts of the country.

INFANTRY AWAITS CALL

Dr. W. A. Warefield Appointed Medical Officer With Rank of Captain.

Dr. Walter A. Warfield, of this city, formerly a lieutenant in the Alexandria Light Infantry, has been appointed a medical omcer in the Virginia State militia, with the rank of captain, and will enter the service of the state militia at once. He expects to be assigned to the Alexandria Light Infantry until that company is ordered to the state encampment at Richmond. He has been acting medical officer of the company since the call for service was received.

The Light Infantry is still at the Armory expecting orders for their immediate movement to Richmond but advices from that city indicate that the state camp is far from being ready for the soldiers and some days may elapse before the order is given for the various commands of the state to gather there.

Citizens and organizations of Alexandria are interesting themselves in seeing that the soldier boys are given "treats" while they are awaiting orders. Last night the Retail Merchants Association, through its president, Joseph E. Schwarzmann, furnished the members of the company with ice cream and cake,.

A committee from Seminole Tribe No. 35, Improved Order of Red Men went to the Alexandria Light Infantry Armory last night and presented each of the members of the Light Infantry, who are members of the tribe, with a gold emblem of the order and two boxes of cigars. The committee requested the captain to call the members in line, after which Harry H. Newton made the presentation on behalf of the boys from Seminole Tribe.

The ladies of the Order of the Eastern Star are preparing to furnish each soldier with a lunch when they leave Alexandria. The wholesale and retail merchants of the city are cooperating with the members of the order and will furnish the provisions.

GOSPEL TENT MEETINGS

Large Audiences Attend Services Nightly on North Washington Street.

The tent on Washington street, near Cameron, last night was filled with an appreciative audience who had gathered to hear evangelist G. S Phillips, of Washington, who delivered an address on " Temperance." The speaker has been very active in the temperance work for years, and his experiences and observations were portrayed in an interesting manner.

Dr. Prillips is field secretary and treasurer of the Anti-Saloon League of Virginia.

Evangelist Gibson will deliver an address tonight on "Angels." Those desiring to know more of these heavenly beings whose visits are so few and far between, as well as their work to the inhabitants of this mundane sphere, should attend tonight

The Bible says much concerning angels. In one place we are told they "are ministering sprirts sent forth to minister to those who shall be heirs of salvation.' and it is the common belief that angels watch over the young and helpless and ward off disasters. It is an interesting theme, but one we are compelled to contemplate through a glass darkly.

LOCAL BREVITIES

The Hustler's Bible Class f the Methodist Protestant Church has elected the following officers: E. H. Trimyer, president; Frank W. Deeton, vice president; Paul Lindsey, secretary; F. C. Glasgow, treasurer.

CONSIDERING BIDS

Board of Trustees of Hospital Will Meet Again Next Monday Night

The building committee of the Alexandria Hospital met last night for the purpose of considering the bids for the construction of the new hospital. The bids were tabulated and will be presented to the board of trustees who will meet on Monday night in the rooms of the Chamber of Commerce for the purpose of awarding the contract.

Mike Taccori, a ship handler, on Wednesday afternoon was crushed between his launch and the Lambert's Point pier at Newport News during the violent wind, rain and electric storm. The man was rushed to the Riverside Hospital, but died before medical aid could be rendered

Charged with a capital crime, Jake Jefferson, colored, aged 17 years, was lodged in the Richmond jail yesterday afernoon. Jefferson is charged with criminal assault upon a five-year old white girl, Ida Maitzko, who lives at Midlothian, Va, 13 miles form Richmond. The little girl lives with her parents who have a small farm near the place.

WORK OF THE HOSPITAL

Lady Board of Managers Shows Great Amount of Free Service Done By The Institution

Public knowledge of the enormous amount of free work done by the Alexandria Hospital is wished by the lady board of managers, and the Gazette has kindly consented to print the following:

Recently Walter Quimby, secretary of the Roanoke Hospital, wrote to Miss Steelz asking about the work of the local hospital and its means of support. The sperintendent of the Alexandria Hospital gave the number of city cases treated from May 1, 1915 to May 1, 1916, as 125 The total number of days required for nursing these cases was 1941. This means that it would occupy the entire time for a whole year of six nurses.

Besides this, the superintendent states that there were 50 free cases and that 827 days of gratuitous nursing was furnished. In all, 2768 days ware spent by the staff of nurses at the hospital in attending the 175 cases.

The superintendent wrote Mr. Quimby that the hospital management received during this time the sum of $500 and free gas from the city which led Mr. Quimby to write back, wondering how in the world the hospital was ever supported.

LIPSCOMB IN TOWN

Examiner for Sixteenth District Issues Statement Regarding Payment of Taxes

W. N. Lipscomb, examiner of tax records for the sixteenth judicial district of Virginia, was a visitor to Alexandria today, and issued a statement saying that there had been a misunderstanding in some quarters regarding the payment of back taxes of merchants. Mr. Lipscomb said that payment for such should be made to him directly and not to the local commissioner of revenue.

RUTCHFIELD ETERMINED

Frank Dunlap, thirty-four years d, and well dressed, of Hopewell, as in police court in Richmond esterday charged with being drunk nd interfering with Miss Marian eller while the was returning from nch to her place of employment. When the case was called in court e officer who made the arrest explained that Miss Heller desired not appear in the case. Whereupon ustice Crutchfield declared that he ould not go into it unless she were resent. She was then summoned by one to court but when the case was alled later she was nowhere in evnce. The case was accordingly conued until today, a rule being issued her.

'Richmond women have got to be otected from young bucks prowling out the streets," declared Justice uthchfield when Dunlap was reanded to the prisoner's dock.

t often happens that impudent and olent men escape the penalties of w because young women shrink m the notoriety they would achieve re they to appear in court against enders. About twenty years ago negro was arrested in Fairfax unty on a capital charge preferred a woman. The negro was brought this city when arrested. He was ken to Fairfax Courthouse later, ed and hanged.

While the fiend was in prison and alizing that his death was inevible, he confessed the crime urged ainst him, and said while living in Virginia city he attacked two young men, one white and the other of own race. The white victim was a prominent family and never mened the occurrence, nor did the ored girl, both preferring to suffer ently than to be made to appear court.

t often happens that young women approached on the streets by men the Sir Mulberry Hawk genus. The men too often prefer to bear inence than to appear in court as mplainants.

t different times in Alexandria, en females have recoiled at the ught of making their appearce in the Police Court, that trial has convened in other places n the station house for the disition of certain cases. It may be ed that should any young women e grievances similar to that of Richmond woman, she can prefer charge and the court will hold a ial session for her accommodain order that insolent and adturous men may receive the punment due their acts.

MOVEMENT OF THE RUSSIAN BEAR.

Russian successes on the eastern front within the last two weeks have been of such magnitude as almost to distract neutral attention from the situation along the western line. Indeed, little beyond the daily toil of lives and the steady wearing-away of the Verdun defenses has occurred to distinguish the recent operations on that front.

Several explanations taken together, however, make plain the reason for the comparative inactivity of the British forces in France, To begin with, it is reported that General Joffre, after inspecting Kitchener's army, decided it would not be ready for offensive work before September. That opinion may account for the failure of the French commander to call for British aid, which, it is understood, is only awaitng his order.

The more plausible explanation is to be deduced from an analysis by the military critic of the New York Times of the French defense of Verdun. Calling attention to the remarkably small number of prisoners taken by the Germans whenever they have occupied a French position, this writer takes this as an illustration of the French theory of defense, which he describes as follows:

"The French realize frankly that no matter how strong their defense may be, the Germans can take any point in their line if they are willing to sacrifice enough men to do it. As the French see the problem, Verdun is but a geographical area, the possession of which is not vital to their plan of campaign, but which they do not propose to let the Germans take without inflictingon them the greatest possible punishment. In other words, the French problem is not to hold Verdun, but to kill as many Germans as possible."

COUNTRY IN SAFE HANDS.

The Philadelphia Record says it is most fortunate for the United States that in the very serious emergency which it now faces the men in high places are cool-headed and not inclined to invite trouble by their rashness. Especially is this the case with President Wilson and Secretaries Lansing and Baker at Washington, and Generals Funston and Pershing at the seat of action. They are all exceptionally collected and not disposed to hasty judgments.

In the killing of American soldiers without adequate provocation, Mexico has taken what seems an inevitable step to war. If the move was taken with that intent there can, of course, be but response by the United States. Punishment will fall heavily on the insolent and ignorant Southron. In the meantime, however until the details are all known, it will be well for all to be calm and to remember that the honor of the nation rests in very capable hands. Final decision will be with Congress, which can be depended upon to safeguard the country's interest.

BALKAN POT AGAIN BOILING

If the Allies have won their demand from Greece for the rights of transportation and other military necessities for the conduct of the war against Bulgaria and its Teuton associates, they have done that which they have been seeking to do for two years.

This would mean that the Allies would speedily advance upon the Bulgarian line and bring pressure to bear. Acting in unison with the advance of the Russians toward Rumania they would hope to effect the crushing of the Bulgarian army. The entrance of Roumania into war as a party to the accomplishment of this will doubtless be earnestly sought.

The Balkan pot is set boiling over by the newer developments at Saloniki. And this would imply that the Central Powers will be presented shortly with an addition to their burdens and that the plan for a general offensive upon all lines is taking practical shape.

NEWS OF THE DAY

The governments of England, France and Russia have made no representations to Gen. Carranza towards maintaining peace between Mexico and the United States.

Samuel Gompers, president of the American Federation of Labor, yesterday telegraphed labor leaders in Mexico assuring them that American labor would do all it could to prevent a break between the two countries.

A bronge statute of Zebulon Vance, for many years senator from North Carolina, was unveiled yesterday in statutary hall at the Capitol. Members of the North Carolina delegation in Congress and the North Carolina colony in Washington attended, and Vice President Marshall made the principal address.

One million dollars is bequeathed to Presbyterian charitable and educational institutions in the will of Charles W. Kolb, probated in Philadelphia. The Presbyterian Home and Foreign Mission boards are each given $200,000, and six local institutions are to receive $100,000. Mr. Kolb, was the vice president of a baking company in Philadelphia.

Robert F. Hoxie, professor of political economy at the University of Chicago since 1893 special investigator of labor conditions for the Federal Commission on Industrial Relations, and a scientist widely known for his radical views on capital and labor killed himself yesterday by slashing his throat and wrists with a razor. His suicide is attributed to a nervous breakdown.

A detailed report from Admiral Winslow, telling of the incident at Mazatlan, Sunday, when Carranza soldiers fired on a launch carrying two officers and three men from the gunboat Annapolis, was received at the Navy Department yesterday, and submitted to President Wilson and Secretary Lansing. The report denies that the trouble was started by a drunken Japanese. The boat had gone ashore to have the American consul send off United States citizens who desired to leave.

Mrs. John Jacob Astor became the wife of William Carl Dick, of New York yesterday afternoon. The wedding took place in the picturesque little chapel of St. Mary's, attached to St. Saviour's Protestant Episcopal Church, in Bar Harbor, Maine, in the presence of less than thirty relatives and guests of the couple. Simply, and with less ceremony than if she had been the daughter to the village barber, Mrs. Astor became the bride of the young man who was her boyhood sweetheart in the days when she was Madeleine Force of Brooklyn.

A representative of Yucatan's wealthiest magnates, including the Henequen magnates, is in Havana, watching developments in the Mexican-American crisis, concerning which President Carranza purposely keeps the residents of Yucatan in the dark. He has enlisted the co-operatio nof leading Spanish merchants here to ship supplies to Progreso. The moment the war breaks out the Yucatanians will throw off the yoke of Mexico and request the United States to annex Yucatan or establish a protectorate over it, according to the representative.

Federal Counsel Schultness announced in the Swiss Parliament yesterday that Germany had made a demand that the Swiss Government permit the exportation of cotton and foodstuffs collected in Switzerland by German agents. If the demand is not complied with Germany will prohibit the exportation to Switzerland of coal, iron and other materials, which would mean that Swiss industries would be brought to a standstill. The Swiss Federal authorities have asked for time to reply and are sending a delegation to Paris to confer with representatives of the Entente Allies in regard to the situation.

Advices received from Mexico allege that the German representatives there have encouraged Gen. Carranza and the officers of the de facto government in their opposition to United States troops remaining in that country. The form of encouragement was said to have been moral rather than material. The reports further declare that German citizens in Mexico are being treated with great consideration, their property not being molested. Some Americans have taken advantage of the favors accorded German subjects by placing their property in the hands of German friends upon leaving Mexico.

The Roosevelt Non-Partisan League has officially capitulated to the Hughes cause. The leaders of that body, Guy Emerson, secretary, and R. C. Desmond, treasurer, who organized the league for the purpose of booming Col. Roosevelt for the Republican nomination, called on the Colonel while he was in New York and issued a statement declaring that inasmuch as Mr. Hughes stands for the same great principles of non-partisan. Americanism which inspired the formation of the Roosevelt Non-Partisan League, "we intend to use our influence to enlist all the members of the league to work for the election of Mr. Hughes as President."

VIRGINIA NEWS

Rev. P. F. Landsia, former pastor at Prices Fork, Montgomery county, pleaded guilty in the Federal court at Roanoke yesterday to a charge of violating the Mann white slave act. He was fined $50. Landsis was accused of taking a young married woman out of the State.

Tearing along at the mad rate of 75 miles an hour a heavy gale of wind swept over Norfolk Wednesday evening shortly after 6 o'clock, leaving a trail of destruction and a violent electric storm in its wake. The wind maintained its furious pace for exactly five minutes, subsiding at 6:10 at the first approach of rain. During the ten minutes' preceding rainfall the mercury dropped from 87 to 67 degrees. Lightning struck in some places The storm narrowly missed claiming three fatalities when a small open boat caught fire off Lambert's Point coal piers and a young man and two young women who were in the boat were forced to take refuge in the storm-swept breakers that threatened at every minute to dash the flaming craft to splinters. A colored man spied them from a Norfolk and Western piers and succeeded in getting them safely ashore.

The body of an unknown young white woman, whose death occurred at the emergency hospital, Hopewell, some days ago is being held for identification. At Hopewell the young woman gave the name of Edith Bryant when she applied for treatment, She was apparently about 23 years old, had light hair and was of medium size and build. She refused to give furher information concerning herself, but the hospital authorities have gained information to lead them to believe that she was either a student of South Richmond or Clifton Forge. Efforts are being made to locate her relatives.

INVOKE AID OF REBELS

Promises Immunity if They Will Take up Arms Against United States

Mexico City, June 23—The de facto government has issued a direct appeal to constitutionalists in fighting the consititutionalists in lighting the United States.

A proclamation issued yesterday by Minister of War Obregon addressed to "the chiefs of bands in rebelion against the constitutionalist government" promises them immunity if they will abandon their present attitude and take up arms "in case of conflict with the United States, which now seems imminent."

The rebels are instructed to present themselves to the nearest constitutionalist chiefs for organization and cooperation for the national defense.

Only those are excluded from the provisions of this proclamation who have previously been declared beyond the law, including chiefs of the reactionary movement. This includes Villa The proclamation continues:

"Those who having notice of this circular and do not comply but still remain hostile to the government in case of war shall be treated as outlaws. Commanders are instructed to notify rebel chiefs in their territory that the rebels operating in the states of Durango, Coahuila and part of Zacatecas have recognized this government, thus setting an example for others."

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. VISIT OF GERMAN SUB

Carried Letters From Emperor William to King Alfonso

Cartagena, Spain, June 23—The German submarine U-35, commanded by Lieut. von Arnauld, arrived here yesterday with a letter from Emperor William to King Alfonso. The lieutenant said the letter expressed the Emperor's thanks for the attention given by Spain to the refugees from the Kameruns.

The submarine first anchored alongside the interned German steamship Roma, but the port authorities required her to move and take up anchorage near the Spanish cruiser Cataluna.

The secretary of the German Embassy arrived here on a special train late Wednesday night to receive the letter. Accompanied by the German Consul, he went on board the submarine and visited the commander. A Spanish cruiser and a destroyer received orders to watch closely the movements of the submarine. Instructions were given to keep the entrance to the harbor lighted brightly with searchlights.

The submarine departed from the port shortly before daylight.

London, June 23—A news agency dispatch from Cartagena says the German submarine U-35 left that port at 3 o'clock yesterday morning traveling in an easterly direction. In addition to the autograph letter from Emperor William to King Alfonso the submarine brought hospital stores for the Germans interned in Spain.

The commander of the submarine is quoted as having said he had destroyed fifty ships, including the French liner Provence, which was sunk in the Mediterranean last February, while serving as a transport.

As the U-35 left Cartagena her crew gave cheers for Spain. The vessel was accompanied beyond Spanish waters by Spanish destroyers, as it was reported allied warships were waiting for her.

An official dispatch states that the British Ambassador at Madrid called on the Spanish Prime Minister and expressed the hope that the U-35 would disappear from Catagena harbor at the expiration of the 24 hours allowed by international law. The Minister made no further representations to the Spanish Premier, the dispatch adds.

'LORD ONLY KNOWS HOW MUCH I SPENT

Has been Paying Out Money For Years, He Declares

"Honestly if I had not gotten this medicine Dreco, I don't believe I could have kept on with my work," said John Herbert who works at the Bureau of Engraving and Printing. "It is a fact, I feel like I should tell everybody what it has done for me. For years I've been spending money for every medicine Id hear about that was good for stomach trouble and constipation. Lord only knows how much I have spent and none did nuch good . My stomach would fill up with gas and pain me something awful no matter how careful I was of my food, was always troubled with constipation and was taking medicine continually for relief. I kept hearing of the wounderful results others were getting from Dreco so began taking it, and from the very first it helped me, It was quicker much good. My stomach would fill ished two bottles and am almost entirely well. Dreco is one fine medicine.."

Ain't It The Truth?

You root for the home team at the ball game:

You make a noise like a young riot when anybody knocks dear old homeburg:

When you know a thing is all to the good you hook right up to it and stand by it:

That's SOVEREIGN!

Ain't It The Truth?

SOVEREIGN
CIGARETTES

Good all through, that's SOVEREIGN. Not only the tobacco on the inside is the *best blend* of Virginia-North Carolina Old Belt leaf ever put into a cigarette—

But the paper on the outside is the *best cigarette paper* in the world—tasteless, odorless, absolutely *pure.*

Rebuilding Sale

NOW IN PROGRESS

Our entire 8th st. building has been torn down and in its stead a New 6 Story Steel Structure will be built. All the departments that were located there in have been moved to the front store. New Merchandise is coming in every day and we have no room for it consequently.

EXTRAORDINARY VALUES are being offered in every department throughout our establishment.

It will pay you to come from any distance to take advantage of the wonderful opportunities that are being offered.

MAIL ORDERS RECEIVE PROMPT ATTENTION.

"Chamberlain's Tablets Have Done Wonders for Me'

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief,' writes Mrs. Anna Kadin, Spencerport, N. Y., "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

WHOOPING COUGH

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Ala., writes "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.
